

e-CAPSULE™ SUBSCRIPTION LICENSING

for Businesses and Corporations

The e-Capsule™ Subscription Licensing is a convenient way to provide your organization with the software it needs while recognizing significant savings. License only what you require; mix and match products, platforms, and upgrades and add on additional licenses at anytime in any quantity you choose.

Why Subscription Licensing?

- The e-Capsule™ Subscription Licensing is a cost-effective, transactional license program with no purchase commitments. You may order what you need, when you need it and for the exact quantities you desire.
- The e-Capsule™ Subscription Licensing discounts start with as few as 50 seats for your initial purchase of e-Capsule™ products under the Business Program and with 100 seats under the Corporate Program.
- One year of Maintenance & Support is automatically included when purchasing under either the Business or Corporate Program.
- No minimums are required for adding additional software seats to your existing Program. Simply reference your previous Volume purchase and buy as many additional seats of any e-Capsule™ products as you need.
- All product licenses are delivered via Electronic Download. Licensing orders include the software product and electronic documentation as PDF files. Backup CDs are available at an additional charge.
